

INVENTORY AND CONDITION FORM

(Becomes Part of Lease Agreement)

NAME _____ DATE _____
ADDRESS _____ PHONE # _____

It is a routine procedure for our maintenance crew to inspect an apartment prior to move-in and repair or replace items where necessary. Occasionally, an item is overlooked in the process. Sometimes there are damages (i.e., scratches on appliances, chips on counter tops, cracks in the tub or sink, etc) already there when you move in that have not been repaired or replaced. Obviously, you do not wish to be held responsible for such items. For your protection, please check any damages or repairs to be done in the spaces provided below and return this document to the rental office within seven (7) days of your move-in date.
